Student Nurse Aide (SNA)

JOB DESCRIPTION: Work as a nursing assistant. Provide basic bedside care by applying your nursing theory and clinical skills as directed by an RN.

Required by the start date

- Completion of **at least one semester** in an accredited RN program.
- Concurrent enrollment throughout employment in a BRN approved work study course through an affiliated RN school program.

Student Nurse Intern (SNI)

JOB DESCRIPTION: Under the direct supervision of a Kaweah Health RN mentor, provide bedside care and take part in advanced clinical activities that strengthen and add to your previously acquired nursing theory and validated skills. These include formulating the patient's care plan and carrying out physician orders.

Required by the start date

- Upcoming enrollment of **final semester** in an accredited RN program.
- Concurrent enrollment throughout employment in a BRN approved Work Study Course through an affiliated nursing program.
